## REPAIR THERAPY

---

---

Moisturizing is a vital step in a daily skin care routine. While some skin types may be more in need than others, many of us find that even things as simple as taking a hot shower or using certain soaps or cleaning products can rob our skin of precious moisture. Soothe Repair Therapy is an excellent all over body cream that can go a long way to give back your skin the much needed moisturization it craves.

Soothe's unique, hypoallergenic formula is ideal for dry, sensitive, and aging skin. A combination of nourishing ingredients like Vitamin A, Vitamin E, Lanolin, and Aloe Vera quickly absorb into the skin to moisturize instantly and deeply. This supersaturating formula also locks in moisture to continue to hydrate up to 24 hours, ensuring your skin is protected all day. Use Soothe daily to break the cycle of dry skin, leaving it gloriously soft, smooth, and healthy all year long!

## KEY INGREDIENTS: :

- **VITAMIN A** for improved elasticity and softer skin.
- **VITAMIN E** moisturizes and protects skin.
- **ALOE VERA** to soothe and nourish.
- **LANOLIN** creates a barrier to lock in moisture.

*Soothe is free of dyes and fragrances*

**DIRECTIONS FOR USE**

Massage into skin, especially dry spots like knees and elbows, for all-over ultimate moisture. Re-apply when necessary for best results.
